Mini-Project: Count to 10

Create a program that counts from 0 to 10 and then starts over.

Suggested Prerequisites
- Programming Intro

Specification

- Display the numbers one by one to the Serial Monitor.
  - Each number should be on a new line.
  - The incrementing speed should be around 500 ms so that we can observe it.
- After reaching the number 10, the next number should be 0, 1, 2 .. etc.
- This pattern should repeat seamlessly.
